FABLAB NETWORK

a web-based platform
for fablabs
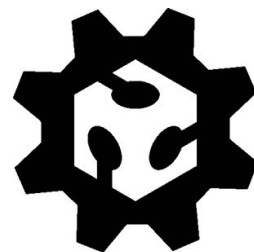

Website Purposes

- Create a map of the national FabLabs
- Users' community, where everyone can illustrate their projects
  - it is possible to interact with the other users;
  - it is possible to illustrate own projects;
- Management engine, customized by each Fablab:
  - User management (subscriptions, balance and bookings)
  - Machine inventory
  - Machine booking

Fablab

+ Registration
+ Calendar of Bookings
+ Calendar of Events
